### Cash Taken in B & E From Dinner Bell Business

Cash and coins were reported stolen from the Dinner Bell restaurant along Old 27 North in a breaking and entering Tuesday, Aug. 25, between 2 and 5:30 a.m. The Crawford County Sheriff Dept. and Grayling City Police are investigating the break-in. The police report said an undetermined amount as much as \$1,000 may have been taken.

### Local MDA Telethon Activities Set at Grayling Holiday Inn

The Jerry Lewis Telethon will start Sept. 6th at 9:00 p.m. and will continue until 7:00 p.m., Sept. 7th. In some areas, it will be broadcast immediately following the tiger baseball game.

This year we will be having the telethon at the Holiday Inn, of Grayling. There will be a carnival, sponsored by the W.I.F. (Workers in Frederic.) Tickets can be purchased for 25 cents each. For \$40.00 or more collected, you get a free MDA T-shirt.

The carnival will start at 10:00 a.m. on the 6th (at the Holiday Inn). We will also be having a bake sale starting at 9:00 a.m. that day at the Holiday Inn.

If you would like to bake some goodies, to donate to the sale, contact Shirley Mowrey, at (517) 348-7190.

This year's poster child is Mikey Nufeldt. Last year, Crawford County collected \$3,866.00 for MDA. Ken Vaughn, from the MDS Committee, says they will try to top last year's total.

### Lions Club To Sponsor 1st Gun Show in Grayling

The Grayling Lions Club will host the first gun show ever held in Grayling on Saturday and Sunday, Sept. 12-13. Tables will be available for exhibitors to display guns and related items for sale or trade. Free appraisals will also be offered. The gun show will be held at the K of C Hall in Grayling. For more information call Joe Murphy, 348-8308, or Jim Crawford, 348-4184.

### Annual AuSable Riverboat Regatta To Start at Stephan Bridge

The Annual AuSable Riverboat Regatta will be Sunday, September 13th, at 12:00 noon starting at the Stephan Bridge Rd. access. Register with Dave Wyss, Jim's Canoe. There is a \$6.00 fee and please bring a dish to pass. Rain or shine, the float will go on.

### Red Cross Blood Bank Set For September 9th

There will be an American Red Cross Blood Bank at the American Legion Hall noon to 6 p.m., Wednesday, September 9th.

Despite all the publicity and public education blood is in very short supply not only in Michigan but throughout the entire country. Elective surgery is being postponed regularly because of the shortage and available blood supplies are being shuttled between Blood Centers all over the nation to best meet the needs of patients.

Blood Bank professionals are deeply concerned as they feel that every potential blood donor now knows there is no way AIDS can be contracted by the process of giving blood; as, in fact, no disease can be transmitted by the process of giving blood as the needles, bags, etc., are all sterile and are immediately disposed of after use.

Despite those realities there seems to be a decline in the willingness of healthy humans to share their life saving blood with their fellow men and blood donating is below normal.

And, if you have never given blood before, come and give a pint! Remember, Dial-A-Ride will come and get you and take you back home if you come to the Legion September 9th to give a pint. Just dial 348-5409. And the ride is without charge.

## Mobilization: Heading For The Front Lines

(Editor's note: This is the fourth and final article in the series dealing with mobilization for war and what will happen in the event of a conflict on the national, international and local scene.

The articles are written with the assistance of Lt. Col. Douglas Cardis, Camp Grayling Mobilization Planner, and is part of an effort to keep the people of the local area informed about what is going on at the camp.)

By Don Geiss

Thousands of guard soldiers have been assembled now in our fictitious scenario and they are awaiting orders to head for the battefront.

Camp Grayling has been much more active than when it was host to summer encampments. Every item of training and equipment has been cared for and the day has come when the entire complement must head overseas.

Prior to the deployment date, Continental United States military officials have laid plans along with the Area Force Command to move equipment and personnel.

"The installation transportation officer is preparing the movements and getting the documentation ready to either go by sea or air," according to Lt. Col. Douglas Cardis, Camp Grayling Mobilization Planner. There are two scenarios for the deployment, he said. The personnel from Camp Grayling will go by air from Wright Patterson Air Force Base and will have ground transportation to that location.

Equipment will be loaded at the camp

railroad siding and will be taken to Bayonne, New Jersey, for sea transportation, Cardis commented. He pointed out that recently the 107th Engineers from Ishpeming, Michigan, had equipment loaded for a trip to Turkey. The men from the unit will be training in that country for 30 days. While it was a practice loading, it had the realistic objective of actually loading and moving equipment overseas.

Cardis said as the war scenario unfolds the airplanes that will be used will fly the personnel into the combat area and as they come back they will be carrying the medical evacuees. He said, "That will be quite a coordination type effort to get the troops over and the evacuees back but then we have a plan for all that."

At the airport of debarkation (APOD) the personnel are transported to the staging areas where they "marry up" with all of their equipment, Cardis said. From there they go to the tactical assembly area where they meet up with their fellow military units that are already on the ground, he commented. Finally the personnel go on to the combat zone, he said.

As with the plans to move the units out of the continental United States, there is a supported command that has planned to receive the units and move them to the staging and tactical assembly area. They coordinate the time frames to move them in an orderly way to the front lines, Cardis pointed out.

The plans for moving out to the airport of embarkation and seaport of embarkation must be accurately timed because the equipment shipments will be slower and thus must move out ahead of the personnel, Cardis noted. The TAT equipment (to ac-

## Maple Forest Asks For Free Dumping In County Landfill

By Don Geiss

Maple Forest Township Supervisor William Coy has asked the Crawford and Otsego County commissioners for a "no charge disposal of refuse to property owners and residents" in that township.

Crawford County commissioners agreed to wait and see how the Otsego commissioners reacted to the proposal. The township contended that they should receive the free dumping privilege because they have no license fees or tax revenues from the landfill. In his letter to the commissioners, Coy contended that there is litter along the roads and deterioration of primary and secondary roads. He also noted that a "possible contamination of our drinking water is a very real concern."

Commissioner John Miller, who heads the joint landfill authority, said that the property on which the landfill is located is on state land anyway and thus would return only swamp tax of \$1.50 per acre. He pointed out that an offer he made to the township for a half price cut if they would sponsor a workfare crew for road cleanups has been ignored.

Ambulance Director Tony Doremire reported to the commissioners at their meeting last week that South Branch Township has now purchased a vehicle for first responder work and is in the process of re-vamping it for the purpose. He pointed out that Beaver Creek has had a first responder unit in place for three years and it is working very satisfactorily.

Doremire noted that a first responder along with the emergency medical technicians arrive at the scene of the emergency before the ambulance and gives first aid and stabilizes the patient up to the time of transporting. He said that Beaver Creek has been very cooperative by attending the emergencies in South Branch while they are preparing their vehicle. Commissioners agreed to send a letter of commendation to Beaver Creek Township for their cooperation.

Dan Alstott of Lovells presented the commissioners with a copy of a petition which he claimed has 2,000 signatures opposing

aspects of the National Guard activities. He told the commissioners that the majority of people who signed the petition are not against the Michigan National Guard maneuvering here. They believe that the guard units from other states should be prevented from using the facilities.

Alstott said that some of the signatures are not from residents or property owners. He asked the commissioners to take a stand on the matter of guard activities as outlined in the petition. Some commissioners raised the question later about the fact that the petition does not exempt the Michigan guard from the objections stated in the petition.

Commissioners agreed to let the county prosecuting attorney examine the petition and render an opinion on what action should be taken by the commission.

Sheriff Harold Hatfield told the commissioners that he only has two inmates left on the work program although he has 20 individuals housed in the jail. He announced some promotions and lateral transfers including that of Larry Akers to corporal in charge of dispatchers. Other promotions were Art Clough to sergeant as a shift leader, Dale Boerema to sergeant as a shift leader, and Jimmy Parker in a lateral transfer from sergeant to detective.

Emergency Management Director Howard Taylor asked the commissioners to approve a new emergency management plan. He told the commissioners that a workshop with local volunteers and experts from Lansing developed the plan.

In his report to the commissioners county Treasurer Joe Wakeley said that senior citizens age 65 and older can defer their summer taxes until February 14 of the following year. To defer taxes, he said, it is necessary to declare the intent by filling out a form by September 14. City and township treasurers have the form. He noted that the deferral can only be used for the homestead and not for any other property. To be eligible for the deferral a senior's income cannot exceed \$20,000. He indicated that any questions can be referred to the township supervisors, city treasurer, or to his office.

## County Commissioners Remove Joyce From Chairman Position

By Don Geiss

The Crawford County Board of Commissioners voted unanimously last week to remove Garland (Bud) Joyce from his position as chairperson and named Mary Harland to replace him.

The commissioners also elected Jeannette Kitchen as vice chairperson.

Earlier in the week Joyce had sent a letter to the commissioners and the media indicating he was stepping down from the chair position. Following that three days later he sent a memo stating that the media had misstated his intent. He said, "My letter, written with the advice of expert counsel, in no way, by statement or inference, indicates a request to 'resign' from the chair, nor was a resignation contemplated."

Joyce provided in that memo a parliamentary procedure reference which suggested that a chairperson can temporarily step down. The commissioners wondered why he would bother to write about something like temporarily stepping down when he had been missing meetings anyway. The commissioners were indignant with the letter and memo and decided to act by removing him from office. On a motion by John Miller, seconded by Jeannette Kitchen, Joyce was removed from office by the unanimous vote of the remaining six commissioners.

Joyce in his first letter had referred to a health condition which might cause him to slow down his activities. He said that he would report on his condition to the commissioners at their meeting on September 24 after he visits his doctor on September 8.

The two letters written by Joyce are published below:

August 24, 1987

To Crawford County Board of Commission Members:

I have recently been advised by my doctor that my present physical condition is less than satisfactory. He has recommended an immediate curtailment of all activities involving stressful situations. He has further suggested that any exposure to a work schedule such as I have been maintaining may jeopardize my future health.

A second opinion from a specialist is forthcoming shortly. However, I expect no great difference of diagnosis in the near future.

There fore, I must step down from the position of Chairman of the Crawford County Board of Commissioners, effective immediately.

I will endeavor to continue the duties possible as a representative of District 7 and the county to the extent my health permits for the duration of my elected term of office.

Yours truly,  
Garland H. Joyce  
Crawford County Board of Commissioners

August 27, 1987

To Crawford County Board of Commission Members:

With regard to my letter of August 24, 1987 to the Board of Commissioners, it is evident that a misinterpretation has developed. My letter stated my intention to "step down" from the Chair. The Presiding Officer has the right to "step down" from the Chair according to Masons Manual of Legislative Procedure, Section 580 for reasons deemed necessary.

A media statement, published 27 August 1987, correctly headed the article "Joyce Steps Down". However, the choice of the word "resigned" following the heading was unfortunate. This error in wording is understandable for anyone not constantly referring to Masons Manual of Legislative Procedure.

My letter, written with advice of expert council, in no way, by statement or inference, indicates a request to "resign" from the Chair, nor was a resignation contemplated.

To further update the Board, the second opinion referred to in my August 24th letter has now been confirmed and is scheduled to occur on Tuesday, Sept. 8th at Central DuPage Hospital, Wheaton, Illinois at 10:45 a.m. Following that appointment, I should be able to report personally to the Board at our Sept. 24th meeting.

Yours truly,  
Garland H. Joyce

## Local Chaplain Initiates Lehman Concert Series

"You can be anything you want to be if you believe in yourself and have faith," encouraged Mark Farner, guitar player, singer and song writer, as he opened his concert at Camp Lehman recently.

The recording artist was introduced by Dave Ross, prison chaplain at St. Francis Episcopal Church, who has instituted a series of concerts at the camp. Farner was chosen to open the series which will be held every third Saturday of the month. The program led off with Ross performing the song, "The Forgotten Man," an original composition written after he started working with the prisoners. Marvin

Puffaff, volunteer worker with the Friday Night Spiritual Growth Groups offered the prayer.

Farner, a former member of Grand Funk Railroad, winners of 12 platinum and 15 gold albums, gave his personal testimony, and launched into his first number, "I'm Your Captain," followed by "You Are the Only Way," the rock version of "Jesus Loves Me," and "Judgement Day Blues."

Before answering questions from the prisoners, he played "Isn't it Amazing?", a selection calling for a repeat rendition.

Ross, commenting on the success of the opening concert, stated: "We are particularly fortunate in being

able to secure Mark Farner, who has made musical history in the past as a Grand

Funk member and in a more intimate setting, offering people a chance to capture

that excitement that has thrilled Grand Funk fans over the past 15 years.

## Spots Open For GHS Stratford Theatre Trip

Grayling High School's 5th annual Stratford Festival Trip features William Shake-

speare's famous tragedy, "Othello," on Friday, September 25. The trip, spon-

sored by the GHS Advanced Studies Program, is open to students and community members and still has spots available.

Cost for the Stratford Trip is \$38, which includes transportation via Le Coache Tours and theatre ticket. The group will depart Grayling very early in the morning and will return home late in the evening on the 25th.

Written by Shakespeare in 1603/4, "Othello" features

some of the Bard's most well-known characters: Othello himself, the Moorish general; his devoted wife Desdemona; and his evil lieutenant Iago.

Critic Anne Barton says, "Not by accident, 'Othello' has a long history of audience intervention ... Someone, forgetting it is only a

play, has stood up and tried to warn Othello against Iago or to proclaim Desdemona's innocence."

While there are still many spots available, they are beginning to fill up. To reserve a ticket, call Advanced Studies instructor Nancy Lemmen at 348-9284 until September 8, then at 348-7641.

## Mobilization

(Continued from page 1)

company troops) moves with the personnel, he explained. That includes their clothing, weapons and a limited amount of ammunition.

Cardis pointed out that the troops that will be mobilized at Camp Grayling will have had the advantage of having also trained here so we are ahead of the game because it gets them into the deployment scenario faster. He observed that in order to move the division on M-Day, 2,910 rail cars will be needed.

Meanwhile back at Camp Grayling a further buildup will be started through a unit activation schedule. If the war progresses, the camp has the requirement, as it stands today, for an influx and training of about three divisions after M-Day plus 60. Already planned for the training of the new volun-

teers and draftees are elements coming out of Columbus, Ohio, to serve as a cadre. It is estimated that the new influx will be about 45,000 persons, he said.

As Cardis has taken the reader through the various steps to the mobilization of the National Guard, an attempt has been made to show the depth to which planning has taken place. While there does not appear to be an immediate threat of an all out war, there is presently a naval action near Iran which can convey some idea of the necessity of planning and the possibility that additional military troops and equipment could be sent over as needs arise.

It is of course hoped by all concerned that the final steps to begin a conflict are never taken, but should it be necessary, the reader can be assured that it will not catch the military unprepared.

## SMHC President Selected To Lead Hospital Group

The president of the Sisters of Mercy Health Corporation's parent holding company was recently selected to hold the highest office of the American Hospital Association, announced Robert Maher, President and Chief Executive Officer of Mercy Hospital, Grayling, one of 16 SMHC divisions.

Connors, 58, is the president of Mercy Health Services, a not-for-profit health organization sponsored by the Sisters of Mercy, Province of Detroit. This major health care system has annual revenues over \$1 billion. Connors was the first president of SMHC, a system of owned and managed health care facilities in Michigan, Iowa, Indiana and New York totalling over 5,600 beds. Mercy Hospital, Grayling is one of the smaller divisions in the SMHC network, with 130 licensed acute care beds.

As chairman-elect of the AHA in 1988, Connors will preside over the AHA. The following year, 1989, he will

be elevated to the chairman of the 25-member board of trustees, the Association's highest elected office. The board has major policy making and governance authority for the Association. In 1990, Connors will become the speaker of the 191-member AHA House, the top approval body of the AHA.

The AHA, a not-for-profit association, serves as a national advocate for hospitals, provides education and information for its members, and informs the public about hospitals and health care issues.

Maher expressed great satisfaction with Connors' appointment.

"Ed has been a true leader in our health care programs and he will be a tremendous asset to the AHA in this capacity," Maher said.

A liberalized early September Canada goose hunt to control local geese populations has been announced by officials of the Department of Natural Resources (DNR). The season runs from September 1-10 with a three-bird daily bag limit.

The open hunting area will include most of the Lower Peninsula and portions of the eastern Upper Peninsula.

The areas in the eastern Upper Peninsula include all those lands and waters south of US-2 from the center of the Whitefish River and Little Bay De Noc near Escanaba to I-75, all those lands and waters east of I-75 and an additional area near Sault Ste. Marie that extends west from I-75 along M-28 to M-221 and north on M-221 through Brimley to the international

border with Ontario.

Most of the Lower Peninsula will be open with the following exceptions: the lands and waters within the posted boundaries of the Fish Point Wildlife Area (Tuscola County), the Shiawassee River State Game Area (SGA) and National Wildlife Refuge (Saginaw County) and the Allegan SGA (Allegan County). Also closed will be the Muskegon SGA and County Wastewater System (Muskegon County), the Pointe Mouillee SGA, (south of the Huron River - Monroe

County), the Lapeer SGA (Lapeer County) and that portion of the Maple River SGA east of State Road in Gratiot County.

Steel shot will be required in specific zones similar to the 1986 season.

All hunters 16 years of age and older must possess state and federal waterfowl hunting stamps to participate in the season.

An informational hunting guide and steel shot information is available at DNR regional, district, and field offices.

## Northern Views

By Jon Thompson

I'm not trying to win an award from the Triple A Automobile Club for promoting highway safety but here's another column on traffic laws. Some Crawford County residents recently asked me about what to do when an ambulance approaches.

The state law says upon seeing or hearing an authorized emergency vehicle (a police car, ambulance, or fire truck) the driver "...shall yield the right of way and shall immediately drive to a position parallel to and as close as possible to the right-hand edge or curb of the roadway, clear of an intersection, and shall stop and remain in that position until the authorized emergency vehicle has passed, except when otherwise directed by a police officer."

A Crawford County resident wanted to know if an ambulance approaches you on the road from the other direction and there

is no other traffic, do you still have to pull over to the shoulder?

The law says yes, you have to pull over. Tony Doremire, director of the Crawford County Ambulance Corps, says if you're caught in traffic at a signal light or some other congested area and can't pull over to the right side of the road, just stay right where you're at.

"Stay in one place, don't dart out suddenly," says Doremire. "If you stay put, the ambulance can weave its way around in tight traffic."

If people are unsure about the traffic laws, I think it's worthwhile to publish some of the traffic laws in a read-well portion of the newspaper.

All the well-read areas of the Avalanche were already filled this week, so we had to use this column in a pinch.

## Almanack

### Sacred Cows Bite The Dust

by Richard Milliman

Is there nothing sacred in America anymore?

Baseball fans have been shocked with the charges that some of their favorite dippy-do pitchers are being aided by unnatural means, such as emery boards or sandpaper glued in their gloves.

And the home run hitters .... well, it seems as if every banjo hitter who now is a power king is having his bat x-rayed for other unnatural assistance, such as cork mixed among the hickory.

That's all bad enough. It's almost enough to make one wonder how this republic has survived for 200 years when our system allows such as these events to happen.

But wait. Even deeper problems have arisen.

WHAT COULD be more American than that All-American canine hero of television and movie fame, Lassie.

Does Lassie have a false front, too? Maybe so.

Lassie was always such a wonderful dog — coming to the rescue time and again, and exuding only love and confidence — that all the actors who worked with him (or was it really her?) must have loved Lassie, too, just as the audience did.

Actress June Lockhart, who starred as Mother in the Lassie series, says that isn't true, either.

"I HATE TO DISAPPOINT people, but the answer is 'no'," says Ms. Lockhart. "The dog was totally concentrated on the trainers."

Ms. Lockhart, now representing a national dog food brand, said that the dogs which played Lassie were never fed before filming, so they had eyes only for the trainer and the food he promised.

"There would be a trainer on either side of us, and the trainer would hold up a piece of meat to make Lassie look to the right or to the left," Ms. Lockhart said.

Apparently those soulful dog-eyes that Lassie displayed were caused by hunger, and not affection. Who would have believed it?

LASSIE AS A trickster is bad enough, but another deception which goes to the very base of the founding of our nation is really mind-boggling.

An historical researcher in New York claimed the other day that there probably is no truth to the story that the Dutch bought Manhattan Island from the Indians for \$24 worth of beads.

The tale was probably concocted by an imaginative historian, suggested Peter Francis, Jr., director of the Center for Bead Research in Lake Placid, N.Y.

History has always told us that Peter Minuet, the Dutch director-general of New Netherlands, worked out quite a deal when he traded a chest containing about \$24 worth of sparkling beads and trinkets to the Manhattan Indians in 1626, and got what is now Manhattan Island in return.

NOT SO, says historical researcher Francis.

"There is no documentary evidence that even suggests that European trading beads were used to buy Manhattan Island," Mr. Francis told the Albany Times-Union.

Mr. Francis ought to know; beads are his field.

He apparently offered no suggestion as to what was involved in the transaction, if indeed the deal even took place at all.

So there goes another bit of history, out the window. Is nothing sacred?

WILL HART RETURN? — Speculation has arisen about the return of former Sen. Gary Hart to the Democratic presidential race.

A former campaign manager made a few headlines recently with the claim that Hart's re-entry into presidential campaigning is "likely."

Well, don't bet on it. Hart's chances of picking up the pieces and becoming a credible candidate again for 1988 hover somewhere between "minimal" and "none" at all.

However, it might be a good way for Gary Hart to boost the careers of some more aspiring models.

## Letters to the Editor

### What Happened To Large Pike Here?

Dear Editor,  
Back in the 1940's it was common to hear of ten to twenty pike of over 15 pounds coming out of Lake Margrethe every winter. In late winter of 48 or 49 the DNR started setting traps at the pike spawning creek in South Bay, supposedly to take the spawn from the pike and walleye to raise in a fish hatchery, and return some of the fingerlings to Lake Margrethe.

I've just returned to Grayling, and find this wasn't (and isn't) the case at all. The DNR have been taking all Lake Margrethe spawning pike and walleye to Houghton Lake to let them complete their spawning run, and those spawners are never returned to Lake Margrethe. So anytime a Lake Margrethe pike or walleye gets big enough to spawn it has a very good chance of ending up in Houghton Lake.

I think: 1) The Lake Margrethe Property Owners

Association and the Grayling Sportsman's Club should get an injunction preventing the DNR from stealing anymore fish from the lake. 2) They should take the DNR to court and force them to build suitable fenced-in spawning ponds at the creek, and 3) force the DNR to remove ten percent of the Houghton Lake pike and walleye spawners each spring and move them to Lake Margrethe to complete their spawning. This should be done for at least ten years to bring Lake Margrethe fishing back to near what it used to be. The percentage of fish removed from Houghton Lake should be monitored by members of the LMPOA and the GSC - if not, the DNR will stick it to you again.

Sincerely,  
Gerald Worden  
Grayling

(Editor's note: Steve Sendek, at the DNR Mio office, says steady fishing pressure

on Lake Margrethe may be keeping down the number of very large pike. Sendek, who worked for seven years at the Grayling DNR field office, says the DNR does not remove pike from Lake Margrethe and take them to Houghton Lake.

Sendek says in the spring the DNR puts nets in Lake Margrethe and transfers a couple dozen mature pike to the pond off the South Bay

constructed near the commander's house at Camp Grayling. After the pike spawn, they are allowed to go back into the lake.

The young hatch in the pond and by June are 2½-inch fingerlings. Sendek says the DNR pulls the boards at the small dam and the fingerlings drain into the lake. The DNR feels they have a better chance of survival in the lake at the 2½-inch size.

There have been some problems with people illegally spearing the spawning pike in the pond in the spring during sucker spearing season, said Sendek.

But overall, he feels Lake Margrethe has a good pike population and fishermen are taking advantage of the good fishing. Because of the steady fishing pressure, not as many pike are reaching large sizes as they may have 40 years ago.)

### Receives Nice Gift from Guard

Two weeks ago I wrote a letter to the Editor telling about my unfortunate incident with 2 National Guards.

Now, I have a more pleasant subject to write about. On Aug. 25, I had a lovely floral arrangement delivered to me. It was from an In-

diana National Guard. Since I can not obtain his name from the flower shop, I would like to acknowledge my thanks at this time. I also wish to state that it was the Ohio Guards who were so nasty.

### Wants Referendum on Burning Ordinance

Dear Editor:  
It was very interesting to read the minutes of the Grayling City Council meeting of July 27, 1987, to see the distortions of the discussion concerning the referendum petitions used in the council's usual attempt to try to discredit anyone who dares

to disagree with them. Or, maybe, my tape recorder which ran all during that portion of the meeting is prejudiced and didn't pick things up right.

They also show a lack of knowledge as to what a referendum is. A referendum does not repeal any-

thing. Referendum petitions, when filled, negate the vote for or against action by a legislative body and requires that level of government to submit the action identified to its qualified electors at the next regular election. Whether, it is accepted or rejected is then determined by a majority vote of those voting on the question at that election.

The minutes indicate that I said the purchase of plastic bags to put leaves in for pickup is a hardship for me. But the tape shows that I indicated that the purchase of at least 100 plastic bags and taking the time and effort to fill them when we do not have an oak tree in our yard, and more than 99% of the leaves are oak, is an unnecessary expenditure of money and time. When I asked about the machine that used to be used to pick up leaves, the response was that people leave sticks in the leaves and this plugs up the machine. When I informed them that Traverse City still picked up leaves with their machines last fall Mr. Thompson said Traverse City has a larger budget. I'm not sure how relevant that is but I hope ours is smaller than a city the size of T.C. but it did indicate the city's

attempt to hold down the budget by passing cost to city residents.

Judging by how easy it was to get more than the required number of signatures on the petitions, I'm not the only one who does not agree with the proposed ordinance. In fact, only three people I contacted declined to sign.

The persons signing the petitions were asking for

their constitutional rights and I request the council to accept their duty and uphold their oath of office where they indicated they would uphold and defend the constitutions of the United States and the State of Michigan. Failure to do so may also indicate they are not sure the electorate will support their idea of what is best for the city and its residents.

### ORV Users Spoil Peace and Quiet

To The Editor,  
For 33 years we have been coming to Grayling. At first for vacations, now, after retirement, we live here 6 months of each year. At some point we had to give up the "peace and quiet" to the ORV users - In the summer it's the dirt bikes, 3 wheelers, and 4 wheelers. In the winter it's the snowmobiles. Most of the counties downstate just absolutely won't allow them to ride these vehicles anywhere. So they truck and trailer them up here and bother the residents with their noise, dust, exhaust fumes, and litter - And, they are getting away with it. They race up and down the center of the roads - Even on M-72. West on M-72, they race on the road, on the dirt shoulder of the road to the extent of causing so much dust it is impossible to see when you're driving.

We own a quad-runner. When I called both the Sheriff Dept. and D.N.R. they informed me that we could not drive it on the road or on the shoulder of the road - So we don't. We ride only on our property. Yet, many are riding up and down M-72 West. We've driven home (8

miles) from the area of 72 and M-93 in so much dust it was like driving in dangerous fog. And it happens so often I'm wondering why someone doesn't do something about it when it is against the law (Anyway we were told it is). Some of the kids riding M-72 are only kids. One day I followed 7 of them to North Manistee River Rd. They were probably between 8 years old and 13 or 14. No adults were with them. They were going back and forth to the big hill - All the time on the shoulder of the road - They didn't even bother to get over on the trail.

Now I realize that these tourists are a source of income. And maybe they spend money up here, but so do the residents. Tourist spending can't compare to our spending. We buy our food, clothes, even 3 cars from local dealers in the last 6 yrs. We don't buy booze or tobacco - but we do pay taxes and should be entitled to some of the "peace and quiet" some of the ads claim northern Mich. is famous for.

### The Community Sees A Difference At Mercy Hospital

To the Editor:  
With regards to the letter from madam president ---

The words above your signature were read by more-informed people than you realize. You and another officer joined the auxiliary in 1984, another in 1985, and the fourth officer in 1986.

Years before the entire community joined in more than one drive for money to update, improve and modernize the hospital. Our local people were employed there. The auxiliaries worked at few jobs.

Now -- do you see a difference? The community

does and they have expressed again and again to me their concerns about all the changes.

Perhaps, if you would ask some of the "more senior" in years here the questions you are asking the more recent employed at the hospital, the facts would be out. Let's call a spade a spade.

Several years ago a few auxiliaries (myself included) kept the auxiliary going after it fell on its face. Our service was given out of concern for our community as are my expressions of late.

### Suggestions Offered For Employee Relations At Mercy Hospital

To the Editor,  
In the interests of good employee relations at Mercy Hospital I suggest:

An employee who is very close to being vested in the pension system should not be asked to resign his or her position.

An employee should not be fired on the spot without due process.

An employee with a long time record of faithful, efficient service should not be replaced by a newcomer.

We consumers of medical service here owe a debt of gratitude and loyalty to the hard workers at Mercy Hospital.

Sincerely,  
Liz Monahan  
Grayling

Recently Crawford AuSable School Superintendent Kent Reynolds talked to the Grayling Chamber of Commerce Board of Directors about a petition movement that is underway to prevent schools from opening until after Labor Day.

He pointed out that it should be a popular idea, not only in the north country where it would benefit from additional tourist business, but also in the south where parents would have an extra few days of summer to vacation.

He said that in the past the decision on when to open school has been generally an item that was up for discussion at the bargaining table with teachers' unions. That being the case it seems plausible that the only way to obtain a uniform opening day is

to legislate it.

Reynolds indicated that a petition will soon be circulated in this community as well as statewide. The local teachers apparently do not have a problem with the after Labor Day opening of school. It would certainly be a good idea, however, for local residents to sign the petition anyway in order to add our voice to the legislature mandating the opening.

It will take a massive signature campaign to order the legislature to specify the school opening date. The idea will have opposition because it also dictates a later closing of school in June.

It would appear, however, that the parents of kids down below and the businesses here would both benefit by the proposed legislation.

## A Look At Our Past

23 Years Ago  
September 3, 1964  
Mrs. Robert Funck, Kitti and Peter left Wednesday for Detroit where Kitti will join a friend and continue on to Faith Bible Academy at Camdenton, Mo., to resume her schooling.

Mr. and Mrs. Lyle Mead and family of Alpena spent the weekend with her parents, the Lewis Stillwagons.

Kurt Rotermund has been at the family home for a week before returning to his medical training in Kansas City. His sister and family, the Jess Hollenbecks and Arnold of Madison Heights, and sister Kristine and guest Larry Ross of Saginaw, spent the weekend, also Dr. Rotermund was able to spend most of last week with his family.

Mr. and Mrs. Don Bancroft announce the arrival of Donald Allen, 7 lbs. 2 ozs. on August 29. His grandparents are the Clinton Bancrofts and the George Lodges of Frederic.

Lloyd Berry Jr. and children Nancy and Skipper and friend Jon Cline of Pontiac were overnight guests of his mother, Saturday, and visited friends and relatives.

Danny Cason was the guest of his uncle and aunt, the Grover Casons, for two weeks.

The Robert E. Nelson family of Pontiac arrived Wednesday and are spending ten days at

their trailer on Lake Margrethe and visiting his parents, the Earl Nelsons. Mr. Nelson has just completed seven weeks of summer school at Spanish Institute, Kent State University, Kent, Ohio.

Richard K. Nelson, Jon and Jan of Grand Rapids spent last week at their cabin on Lake Margrethe. Mrs. Nelson, who has been attending Central Michigan University for several weeks, joined them on the weekend. All left for home on Sunday.

The Misses Darlene Portwood, Christine Carlson and Linda Christian spent Monday and Tuesday in Detroit visiting the State Fair and shopping.

Mr. and Mrs. Mel Luter of Owosso are pleased to announce the arrival of a baby girl, Michelle Marie, on Thurs., Aug. 27. She weighed 8 lbs. 7 1/2 ozs. Her grandparents are the Clifford Malloys of Grayling and the Rev. and Mrs. Hollie Luter of Freeland.

Tony Maurer, son of Mr. and Mrs. Bernard Maurer returned to Vanderbilt and began his new term of teaching on Aug. 31st. Another son Terry left for his new year at the University of Michigan in Ann Arbor to continue his Liberal Arts course.

## Buying School Clothes

COOPERATIVE EXTENSION SERVICE  
Michigan State University

Shopping for back-to-school clothes is an annual ritual that can be expensive and frustrating. But with some simple planning, young people can learn the importance of money management and wardrobe planning while they're preparing for a new school year.

4-H clothing specialist Joanne Schultink says back-to-school shopping begins at home.

"Before they head for the stores, young people should go through their closets and make lists of the items they have from last year that still fit," Schultink suggests. "Parents can help them decide what items will best complement the clothes they already have and save time and money in the stores."

Schultink suggests planning a wardrobe around two or three colors that can be mixed and matched. Allowing children to browse through catalogs before taking them shopping gives them ideas about the styles and colors that are most popular and will be easiest to find.

Children develop fashion likes and dislikes at a very young age and should be included in making purchase decisions by the time they are 6 or 7. Parents can choose two or three garments from the rack and let the child make the final selection after trying on each one.

"It's important that children try on any garment that is a potential purchase," Schultink says. "Sometimes young children aren't comfortable wearing turtleneck sweaters or fabrics like corduroy, but they aren't able to express their feelings to their parents until they are wearing a garment."

Schultink also advises that older children and teens try on outfits because sizes can vary with style and manufacturer.

Teens may have their own money and choose their own clothes, but parents still need to help them budget their spending. It might be fun for them to shop with a friend, but Schultink warns that teen-agers tend to buy more faddish and high priced items when they are with friends than if they are accompanied by a parent.

Teens are more interested in how a garment looks than anything else, so parents need to read labels for fabric content and washability. Clothes that are 100 percent cotton tend to shrink and wrinkle easily, and garments that require dry cleaning can be costly to maintain.

"Even though a teen-ager chooses an item that may seem less than attractive to his/her parents, such as brightly colored shoes or accessories, parents shouldn't immediately discount it," Schultink says. "Clothing is related closely to self-esteem. If an item is not very expensive and is appropriate for school wear, parents should consider allowing their children to purchase it if it will help them feel like they fit in with their peers."

Children may not realize that clothing is expensive. Parents can help them understand by sitting down with them after a day of shopping to add up the total costs of all purchases and discussing the possibility of wearing some hand-me-downs and shopping at garage sales instead of buying many new garments.

Schultink warns parents not to buy too many new clothes for their children at one time. If a child experiences a growth spurt, they will be left with a closet full of new clothes that are too small.

By teaching their children how to shop for back-to-school clothes, parents can help them learn some valuable lessons before the school bell rings.

**MAINSTREAM TROUT** — Kirk Bredin (right) displays the 21-inch, 3½-pound rainbow trout and a 12-inch brown caught near the AuSable mainstream. Looking on is his brother, Eric. ## Amicare Home Health Names Ransom as Clinical Coordinator

Jan Ransom, B.S.N., has been appointed Clinical Coordinator of the Grayling-Houghton Lake area for Amicare Home Health Services. Jan is a graduate of Eastern Michigan University. She has worked as a staff nurse with the Amicare and had previous experience in home health services in Detroit in pediatric nursing and critical care nursing.

Jan has also spent time with a health clinic in Togo, West

Africa.

Amicare Home Health Services, affiliated with Mercy Hospitals in Cadillac and Grayling, recently received recertification from the Michigan Department of Public Health. Amicare is approved by Blue Cross and provides 24 hour, seven day a week service in northern Michigan. The health services available at

your home include skilled nursing, home health aides, physical therapy, speech therapy, occupational therapy, social work services and nutritional guidance. A private duty service for nursing, home health aides, homemakers and companions is also available on a private pay basis, seven days a week, 24 hours a day.

The private duty component of Amicare provides temporary employment to 50 persons and returns nearly \$8,000 in salaries per month to the local communities. A portion of these dollars were obtained from a grant for the homebound elderly from the Sisters of Mercy, Province of Detroit Ministry Fund.

Amicare Home Health Services and Resources employs 14 fulltime staff persons and a growing number of contract personnel in the Grayling, Houghton Lake, and Cadillac areas. During the past 10 months, Amicare has provided approximately 3,500 skilled visits to homebound patients.

For more information about the many health services available at home, call Amicare's toll-free number today, 1-800-822-8318.

# Facts About Drinking By Teenagers

By Shelly Maiorana

Most teenagers use alcohol, yet find that it is easier to get a six pack than to get basic facts about drinking and what alcohol can do to you. Those who do drink, or who have been around know two things: 1) Drinking can be enjoyable, and 2) Alcohol can cause trouble sometimes. You may do anything from acting dumb to getting sick to putting yourself — and sometimes your friends — in real danger. The best way to steer clear of those problems is to find out about what you are drinking and how it works.

So what exactly is alcohol, anyway? The most important thing to remember about alcohol is that it is a drug, just as marijuana, tranquilizers and heroin are drugs. It can alter your

moods, cause physical changes, and it can be habit forming. How much are you getting with each drink? There is about the same amount of alcohol in a 12 ounce can of beer, five ounce glass of wine or mixed drink containing 1½ ounces of liquor.

When you take a drink, a lot happens and it happens fast. You can tell by how quickly you start to "feel it." Alcohol goes right from your stomach into your bloodstream and is carried to the brain and other parts of your body, until it is burned up by the liver. If you weigh 150 pounds, it takes about two hours for a drink to leave your system. If you weigh 100 pounds, it takes over three hours.

Since alcohol goes to work first on the part of your brain

that controls inhibitions, you may become more talkative or rowdy after a couple of drinks. This is why people assume alcohol is an "upper," when actually alcohol is a "downer." It slows down all of your body's functions.

If you do drink, how can you drink and not run into problems? Keep these points in mind:

- Be sure it's legal for you to be drinking. If it isn't this can cause you big problems even if you don't get drunk.
- Sip, don't gulp your drink.
- Be sure to eat something before or while you are drinking.
- Don't drink if you are feeling sick, tired, or are in a bad mood. If you need to drink, don't.
- Don't mix drinking with sports.

- Don't drink and drive. Never use alcohol with any other drug. Two drugs often multiply each other's effects. You could become sleepy or dizzy, get a headache, throw up, or pass out. In some cases, you can die from an overdose.

There is a fool-proof way to avoid ever getting a drunk driving ticket. If you are planning to go to a party, why not stick with soft drinks? If you are in a group going out for the evening, why not ask one person to be the driver and stick to non-alcoholic drinks. If you didn't plan ahead and find you have had too much to drink, ask a friend to drive you home, or call a cab.

If a sober driver isn't available, wait it out. Allow at least one hour for each drink you have had before

trying to drive home, or ask the host if you can stay overnight. A couch or even the floor is better than a jail cell for drunk driving.

What can you do if you are with a friend who drinks too much and then wants to drive you home? This can be a tough situation. Your friend will probably feel that he or she can drive with no problem. And you may feel that it's easier to stay quiet than to make trouble. But there are times when it makes sense to make trouble, especially when your safety and your friend's is at stake. Strategies you can use:

- If you have to, and can, take away the car keys.
- You don't have to go along for the ride. Get a ride with someone else.

- Or call a friend or someone in your family and ask them to drive you.

Remember too, that it is OK not to use alcohol. It is sometimes easy to forget that if you don't want to drink, just don't feel like it, or don't ever drink, it's OK to just say "No thanks." Skip any apologies, excuses, or arguments. If you are comfortable about not drinking, others will more likely accept it and not hassle you. A simple "no thanks" will do it.

## NOTICE

The U.S. Department of the Interior, Fish and Wildlife Service, announces a proposal to list a plant *Solidago houghtonii* (Houghton's goldenrod) as a threatened species in order to give it protection of the Endangered Species Act of 1973, as amended. No areas of critical habitat are being proposed. The proposed action, published in the **FEDERAL REGISTER** of August 19, 1987 follows an extensive review of all available information on the species. Because of the species rarity and potential destruction of its habitat, federal threatened status is being proposed. Comments from the public on the proposal should be submitted to the Endangered Species Division, U.S. Fish and Wildlife Service, Federal Building, Fort Snelling, Twin Cities, Minnesota 55111 and must be received by October 19, 1987. Requests for a public hearing must be received by October 5, 1987. Additional information may be obtained from the above office by calling 612/725-3276.

## Bits of Talk ..... by Fay Bovee

Barbara, Rob and Erin Luter of Kalamazoo spent the weekend with his grandmother, Eva Strong. They all spent the days down river at the Owl's Roost with Mickey and Bob Strong of Alpena. Beth and John Campbell of Grand Lake, Kath, John and John Paul Stock III of Rochester and Stef and Rob Mock of Howell, guests at the Roost earlier had been Elizabeth McHugh of Ft. Lauderdale and Chris Zolnerik of Chicago and Polly and Frank Breauseau of Ossineke. Gwen and Howard Hasel-huhn, who spent the summer at Grand Lake, visited her

mother, Evelyn Lozon and their children and grandchildren before heading west in their motor home for the winter.

Recent visitors of Eva Strong were Florida neighbors, Lotus McCarthy and Al and Barbara DeVore.

Marge Walker spent a weekend in Traverse City as guests of Ruth and Melvin

Nielsen while visiting in the area, from her summer home in Wingo, Ky.

Tom and Belle Jurkovich of Pendleton, South Carolina, arrived in Grayling on August 28 to spend until September 5 visiting their families, Mrs. Francis Jurkovich and Dr. and Mrs. Leonard Allison and brothers and sisters.

ENGAGEMENT ANNOUNCED — Harold and Lana Breckow would like to announce the engagement of their daughter, Lyne Marie, to Tom Lutz, of AuGres. The couple plan a September 12 wedding at St. John Lutheran Church in AuGres.

## PUBLIC RELEASE FOR FREE AND REDUCED PRICED MEALS

The Crawford AuSable School District today announced its policy for free and reduced-price meals for

Local School Food Authority

children unable to pay the full price of meals or milk served under the National School Lunch, School Breakfast or Commodity School Programs. The following household size and income criteria will be used for determining eligibility.

TOTAL FAMILY SIZE	A. SCALE FOR FREE MEALS OR FREE MILK			B. SCALE FOR REDUCED PRICE MEALS

Each additional family member	+2,470	+206	+48	+3,515	+293	+68

Children from households whose income is at or below the levels shown are eligible for free and reduced-price meals

Application forms are being sent to all homes with a letter to parents or guardians. To apply for free or reduced-priced meals, households should fill out the form and return it to the school. Additional copies of the application form are available at the principal's office in each school. Households should answer all questions on the form. An application which does not contain all of the following information cannot be processed by the school: (1) the total household income AND the amount and source of income received by each household member (such as wages, child support, etc.) OR the household's food stamp case or AFDC number if the household is on food stamps or receives AFDC; (2) names of all household members; (3) social security numbers of all household members 21 years of age or older, or the word "none" for any adult household member who does not have a social security number; and (4) the signature of an adult household member.

**FOOD STAMP/AFDC HOUSEHOLDS:** If you currently receive Food Stamps or "Aid to Families with Dependent Children" (AFDC) for your child, you only have to list your child's name and Food Stamp or AFDC case number, print your name and sign the application.

The information provided by the household is confidential and will be used only for the purpose of determining eligibility and verifying data. Applications may be verified by the school or other officials at any time during the school year.

If children are approved for free or reduced-price meal increases in household income over \$50 per month (\$600 per year) and decreases in household size.

Households may apply for benefits at any time during the school year. If a household is not currently eligible but has a decrease in household income, an increase in household size or if a household member becomes unemployed, the household should fill out an application at that time.

In most cases foster children are eligible for these benefits regardless of the household's income. If a household has foster children living with them and they wish to apply for free or reduced-price meals for them, the household should contact the school for more information.

Under the provisions of the policy each building principal will review applications and determine eligibility.

Parents or guardians dissatisfied with the ruling of the official may wish to discuss the decision with the determining official on an informal basis. The household also has the right to a fair hearing. This can be done by calling or writing the following official: **Paul Lerg, 403 Michigan, Grayling, 348-7641.** Each school and the Superintendent's office have a copy of the complete policy, which may be reviewed by any interested party.

In the operation of the child feeding programs no child will be discriminated against on the basis of race, color, national origin, age, sex, or handicap. If any member of a household believes they have been discriminated against, they should write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

## Keeping Healthy

### If Lightning Strikes

Experts agree that the most important thing you can do to protect yourself is to stay inside a large building or inside an automobile or other covered vehicle. Even if struck, the car allows the current to be discharged harmlessly into the ground. If you are inside a house, don't use the telephone unless absolutely necessary for an emergency. Stay away from a television with an outdoor antenna. If practical, unplug the television.

If you are caught outside and don't have time to reach a safe building or an automobile, experts offer these suggestions:

Do not stand underneath a natural lightning rod such as a large tree in an open area.

Avoid projecting above the surrounding landscape, as you would if you were standing on a hilltop, in an open field, on the beach or fishing from a small boat.

In a forest, seek shelter in a low area under a thick growth of small trees. In open areas, go to a low place such as a ravine or valley.

## Vikings Face Southern Rival Roscommon For September 4th Opener

New head coach Don Stowers will lead the Grayling varsity into the season opener Friday night, Sept. 4, against Roscommon at the Grayling field behind the Elementary school.

Stowers was hired last spring as a Grayling Middle School instructor and head varsity football coach. Assisting Stower this year will be Mike Branch and Don Ferguson.

Stowers, 50, has 27 years experience coaching football with 24 years as head coach. He began his career as a teacher and football coach at Flint Atherton and then at Greenville High School. He spent the next three years coaching and teaching in

Ohio before moving to Florida where he has taught and coached for the last 18 years.

Stowers has an overall 91-51 record as head coach. His teams have won the state playoffs three times and participated in three post-season bowl games. Twenty five of his players have gone on to play for major colleges such as Alabama, Tennessee, and Florida State.

Stowers played defensive line at Eastern Michigan University and earned his Masters degree at Akron University after earning a degree from EMU.

The Vikings begin play at 7:30 p.m. Friday. Grayling starts league play Friday, Sept. 11, at Cheboygan, a

class B powerhouse.

Grayling is a class C school. The Viking J.V. squad, coached by Charles Spencer and Fred Wolcott, will kick off the football season for Grayling with a game at Roscommon Thursday, Sept. 3 at 7 p.m.

The J.V. team has a lot of players this year (47) but 30 of the players are freshmen. "We're young but the defense is looking good," said Spencer. "We have some big kids and some good hitters."

Spencer said most of the sophomores are linemen so the team has some good size there. The J.V. squad also has a lot of quick backs this year.

Team pictures of the varsity and J.V. squad will be published next week.

**GHS VARSITY** — Front, L-R, Melanie Ojala, Jenny Money, Dena Thayer, Carrie Trudgeon, A.J. Pratt, back, manager Cathy Hayes, volunteer assistant coach Mike Shearer, Linda Goodale, Deanna Phelps, Lori Gust, Janice LaDuke, Patty Tremblay, Lauri Goss, Tracey Reisinger, head coach Howard Lehti.

## Girls Open Basketball Season Next Tuesday

Three seniors will lead the Grayling High School girls varsity basketball team when they open the season Tuesday, Sept. 8, at home against Roscommon.

"We're looking to our three seniors, Jenny Money, Carrie Trudgeon, and Dena Thayer, for leadership," said head coach Howard Lehti. "We call them our five-four wonders because they're all five foot four inches and they do make things happen when they're on the floor."

Lehti, in his second year as head coach, said last year's team was short but this year's team is very short. The tallest players are 5'8" Lori Gust and 5'8" Deanna Phelps.

"We're scrappy, fast, and aggressive," he said. "We play a fast game up and down the court and we're going to be in good condition."

Lehti said the team, with

three seniors, eight juniors, and one sophomore, is young and will make youthful mistakes during the first of the season.

This season will mark the first use of a three-point shot for the high school girls.

"The three-point shot is going to play some part in the league this year," said Lehti. "How important it will be is hard to say. At nineteen feet nine inches it isn't a high percentage shot so we don't want to rely on it."

Volunteer assistant coach Mike Shearer said this year's team does have some good outside shooters.

"But we have to be good outside shots," Shearer said. "We're not going to get a lot of second shots off rebounds with our small team."

In addition to the seniors, the juniors on the team are Gust, Phelps, Patty Tremblay, A.J. Pratt, Tracey Reisinger, Janice LaDuke, Lauri Goss, and Linda Good-

ale. Melanie Ojala is the only sophomore on the team.

Managers for the team are Cathy Hayes and Chris Lehti.

This year's junior varsity team will be coached by Dallas Hudson. There's a possibility there may be a junior varsity and a freshman team but the decision won't be made until school starts.

The girls on the junior varsity squad right now are sophomores Janet Bickford, Peggy Kraus, Heather Pelton, Margarita Perez, Anne Petrosky, Aimee Rochette, Nicole Trenary, Jennifer Walsh, and freshmen Claudine Allen, Lisa Barber, Andrea Flowers, Candy Grigsby, Shannon Hinds, Nicki Morrill, Nicole Meagher, Heather Stephenson, Krista Wyman, and manager Missy Gorman.

The junior varsity game starts at 6:15 Tuesday and the varsity starts after the junior game is over.

One of the most amazing college football teams of all-time was the Army team which featured Heisman Trophy winners Doc Blanchard and Glenn Davis. The 3 years they played together, from 1944 through 1946, Army NEVER lost a game and outscored their opponents 1,179 to 161.

Who's the oldest man ever to play in the National Football League? ...The record is held by quarterback George Blanda who was 48 years old when he played for the Raiders in 1973.

What are the chances of the Giants repeating as Super Bowl champions this season? ...Did you know that none of the last 7 Super Bowl winners have been able to repeat? ...The last team to win the Super Bowl 2 straight years were the Steelers in 1979 and 1980.

## Resource Review

**Bruce Patrick**  
Conservation Officer

With the end of the regular trout season only a month away, this is a good time to remind you of an error in the 1987 Fishing Guide. On pages 12 and 13 under "Non-trout streams, Inland Lakes, Great Lakes, Lake St. Clair, Detroit, St. Marys and St. Clair Rivers" the Guide indicates that the season for taking trout on these waters closes on September 30. This is incorrect. The Guide should indicate "No Closed Season" for these waters. Higgins Lake is included within the "non-trout" classification.

An experimental early Canada Goose hunting sea-

son opens on September 1 and runs through September 10th. This is an effort to control a large and often troublesome population of Canada Geese. The season is statewide with the exception of a few downstate areas. The bag limit is 3 Canada Geese per day with 6 in possession. Normal waterfowl hunting regulations apply with shooting hours from one half hour before sunrise to sunset. Consult an almanac or newspaper for daily changes in sunrise and sunset times.

Finally, the catch and release fishing season on Wakeley Lake closed August 31. Anyone in possession of fishing equipment or fish on the Wakeley Lake property after that time will be in violation.

The meeting was adjourned at 9:15 p.m.

### THE GAS PUMP

#### Rear-Brake Pulsation

Usually the front brakes pulsate more frequently than the rear brakes because they do most of the work. To check rear brakes, try braking at about 5 mph with the parking brake only, while holding the release handle or button in the disengaged position. If you feel pulsation the problem is in the rear brakes.

Tompkins-White Exchange Vows

Before an altar decorated in pink, burgandy, and white carnations, roses, and mums, Virginia Rose Tompkins and Duane Eric White were united in marriage on July 18, 1987, at 1:00 p.m. at the Michelson Memorial United Methodist Church. Reverend Jeff Regan officiated.

The bride is the daughter of William and Ruth Tompkins of Grayling. The groom is the son of Dorothy Ruth Zill of Grayling.

Given in marriage by her father, the bride chose to wear her mother's wedding dress, a full length antique satin with a modified train. Her veil was floor length of Chantilly lace, made by the bride. She carried a bouquet of pink roses and white mums.

Jennie Annis provided the music and played "You and I" on the organ.

Suzan Tompkins, of Traverse City, sister of the bride, was maid of honor. She wore a burgandy flowered taffeta with matching lace jacket and carried carnations.

Bridesmaids, Betsy Gabriel, sister of the bride, and Deanna Sheldon, sister of the groom, wore rose taffeta with matching lace jackets and carried carnations.

Flower girl, Laura Sheldon, niece of the groom, wore pink taffeta with matching lace jacket, she carried a basket of flowers.

The groom wore an ivory tuxedo with cut-away jacket. Best man, Anthony Pickell, and groomsmen, Paul Zill, brother of the groom, and Eddie Tompkins, brother of the bride, wore gray tuxedos with cummerbunds and carnations to match the brides attendants gowns. Ring-bearer was John Reeva, cousin of the groom.

Mother of the bride chose a turquoise street length dress of Chantilly lace over jersey knit. The groom's mother wore a mint street length of jacquard taffeta.

A reception immediately followed in the church social hall with a full buffet served by the ladies circle. The cake was made by Mary Goss and was decorated with pink flowers and precious moments cake topper.

The bride is a graduate of Grayling High School and is employed at Grayling State Bank. The groom attended Grayling Christian School and is employed at Custom Forest Products.

Guests attending were from Lapeer, Hazel Park, Hastings, Marshall, Lansing, Bath, Traverse City, and Arizona and Illinois.

The bride and groom are making their home in Maple Forest after a one week wedding trip to Mackinac Island.

## SCHOOL OPENING ANNOUNCEMENTS

School Opens: Wednesday, September 9, 1987

## Historically Significant Landmark Preserved

The major goal of the Board for the last ten years has been to solve the problems of the middle school facility to provide a quality educational atmosphere for middle school age students. The successful September 1986 bond issue has allowed this goal to be met. Ground was broken on August 20, 1986, for the 15,000 square foot addition linking the 1918 middle school building with the 1955 gymnasium. This symbolized the beginning of the thorough renovation and construction which will be completed during the summer of 1987. The building will reopen in fall 1987 for students in grades 5-8.

The renovation of the old building has been extensive. New heating and ventilation, plumbing, and electrical systems have been installed. Wooden flooring was removed to the joists and covered with structurwood and 1 1/2 inches of concrete eliminating squeaks. A new roof with insulation to an R28 factor and new insulated windows have been installed. Interior space has been redesigned, new wall surfaces have been installed, acoustical ceilings have been dropped, and carpet has been installed in most classrooms and hallways. New cabinetry has been installed, new chalkboards and tackboards have been installed, and a great deal of new furniture has been purchased.

The gymnasium floor has been extended and a lobby has been created on the old stage. The mezzanine, previously utilized as a cafeteria, has been renovated into a teaching station. Locker rooms have been redesigned and gym windows have been replaced with insulated walls.

The addition includes a cafeteria and kitchen, an expanded hallway commons, bathrooms, a band room, and office space. The highlight of the new area is an eight foot square brick Viking head sculpture, purchased with funds derived from the middle school auction last June.

The building complex is barrier free with an elevator lift serving all four floors for handicapped and movement of heavy equipment. A ramp is located from the gym lobby to the gym floor and a locker room for handicapped has been constructed.

The site promises to be an enhancement to the downtown area. Exterior brick on the old building has been cleaned and sealed. Brick on the addition complements the old. Window spaces have been maintained preserving the original architectural flavor. Concrete, asphalt, sprinkling and seed, and landscaping has been added to the site creating a pleasing city campus.

An eyesore and poor educational environment has been transformed into a quality middle school. An historical landmark has been preserved in quality fashion.

## TELEPHONE 348-7641

All school district telephones operate through a central switchboard in the Administrative Office. Therefore the same telephone number must be dialed regardless of the building or person you wish to reach. When you reach the central switchboard, your call will be transferred to the building or person you request. The central switchboard is open from 8:00 a.m. until 4:30 p.m. daily.

## MIDDLE SCHOOL ORIENTATION

Orientation for middle school students will be held Thursday, September 3, in the new middle school cafeteria according to the following schedule:

5th grade — 9:00      7th grade — 1:00  
6th grade — 10:30    8th grade — 2:30

## NOTICE

All school offices will be closed from 8:00 a.m. until 10:00 a.m. on Tuesday, September 8th. All employees will be in a general school district meeting.

## HIGH SCHOOL FRESHMAN ORIENTATION

Orientation for high school freshmen, sponsored by the student council, will be held Tuesday, September 8, from 1:00 to 2:00 in the high school auditorium.

## FIRST DAY OF SCHOOL

WEDNESDAY, SEPTEMBER 9, 1987

The first day of school will be a full school day at all buildings.

## IMMUNIZATION

The Michigan Public Health Code requires that kindergarten students and students new to a district must present proof of at least one dose of measles, mumps, rubella, tetanus, pertussis, diphtheria and polio vaccine to enter school. Kindergarten students will not be admitted until proof of immunization is shown and students new to the district must present proof through a transfer of records from another district or from their physician within one month after they enroll or they will be excluded from school until such proof is shown. The Public Health Department in the County Courthouse has waiver forms for those seeking waivers to this code for religious reasons.

## STUDENT ACCIDENT INSURANCE

Because of rapidly increasing costs, the school district will not carry student accident insurance this year. However, insurance forms will be sent home with all students during the first week of school. This optional insurance may be purchased by a parent, guardian or a student. Insurance enrollment forms should be returned to the principal's office by September 18, 1987.

## BUILDING USE BY OUTSIDE GROUPS

Persons or groups wishing to use school district facilities are to contact the principal of the building in which the facility is located. A building use request form will be provided and if the request is approved, a contract will be completed. It is the policy of the district to charge a fee for such use. Fees are based upon the cost of utilities, materials and personnel to the district and upon the type of group using the facility. Requests for building use must be filed at least ten days prior to the date requested.

## Children Can Suffer From Separation Anxiety

Sound off against noise pollution.

Give a hoot.  
Don't pollute.

Forest Service, U.S.D.A.

Most children share separation anxiety. They balk at leaving their parents because they feel insecure about what will happen, given the changes occurring in their lives. When children are upset, they don't respond well to adult assurances about how much "fun" the new sitter, center, or experience will be. They only know that security and safety, as they view them, exist in one person — the parent from whom they are being forced to separate.

Because the child's behavior can be embarrassing or upsetting to adults in the situation, parents sometimes resort to potentially harmful ways of dealing with separation. Some of these include:

Sneaking away as soon as the child becomes involved with an activity. This damages the child's confidence in the parent and can create a very real sense of abandonment and terror in a child. It also increases chances that there will be additional separation problems in the future.

Pressuring and shaming children. Some parents threaten children, remind them that everyone is looking at them, and that "Nobody likes a cry baby." Other children are admonished to "be good" or

"act nice, like the rest of the children." While well-meaning, these cautions put pressure on children at a time when they least need additional worries.

Causing children to feel guilty. These tactics include adults saying, such things as, "I thought you would be grown-up" or "Mommy will feel bad if you don't stop crying" or "Mrs. Jones probably feels disappointed that you don't want to stay with her."

Denying the child's feelings. Phrases like, "you have nothing to worry about" or "Don't cry" or

"You are making a big fuss about nothing!" intensify children's feelings of distress, rather than soothing them. They indicate that the child's feelings are wrong or unimportant, rather than offering a constructive way to cope.

Personality differences in children make it difficult to design a fool-proof plan in all situations, but there are some general guidelines that make separating a little less painful for both parent and child:

1. Help children anticipate the change. Visit a new school, center, or person

prior to the change, if possible. Play with the child on the playground, drive or walk past the program site. Introduce the child to the supervising adult, letting the child know that he/she will be staying with the person in the near future. Share some of the things that will be going on in the setting without trying to "oversell" the child on the idea.

2. Plan, if possible, on spending extra time initially to allow a very young child to get used to the change when being introduced to a new setting and/or person. Don't pressure children with ques-

tions such as, "Don't you want to play with the blocks?" or "Don't you think Mrs. Petty would be nice to play with?" Children often perceive such questions as pressure to separate. Find an interesting object and begin exploring it, allowing the child to join you if she wants to.

3. With younger children, gradually remove yourself from direct interaction with your child, saying something like, "I need to go to the bathroom down the hall. I'll be right back." Return as promised. Parents who are able to do so can then spend increasingly lengthy times away from the room. Once children can participate for at least thirty minutes without crying the whole time, the problem may be resolved.

4. With older children (four or above), tell the child when you will return, say

goodbye, and promptly leave. Lingering departures heighten the child's anxiety. If the child is crying or clinging, alert one of the adults in the setting to step in.

5. When there has been a crisis in the family, expect that a child may exhibit a need to be close to you. Try to provide for this sometime during the child's day, explaining to the child exactly what the crisis means for the child's security (example: "Though Dad is leaving, you and Sara are going to continue living here with me. That isn't going to change.")

Separation problems are not uncommon, particularly with very young children. The pain children feel is very real to them, though their behavior can be problematic to adults. How parents handle the child's feelings and behavior can enhance or limit the child's ability to adapt to change.

### Your Week Ahead Horoscope

Forecast Period: 9/6-9/12/87

### PUBLIC RELEASE FOR FREE AND REDUCED PRICED MEALS

C.O.O.R. Intermediate School District today announced its policy for free and reduced-price meals or free milk for children unable to pay the full price of meals or milk served under the National School Lunch, School Breakfast or Commodity School Programs. The following household size and income criteria will be used for determining eligibility.

TOTAL FAMILY SIZE	A. SCALE FOR FREE MEALS OR FREE MILK			B. SCALE FOR REDUCED PRICE MEALS		
	YEAR	MONTH	WEEK	YEAR	MONTH	WEEK
1	7,150	596	138	10,175	848	196
2	9,620	802	185	13,690	1,141	264
3	12,090	1,008	233	17,205	1,434	331
4	14,560	1,214	280	20,720	1,727	399
5	17,030	1,420	328	24,235	2,020	467
6	19,500	1,625	375	27,750	2,313	534
7	21,970	1,831	423	31,265	2,606	602
8	24,440	2,037	470	34,780	2,899	669
Each additional family member	+2,470	+206	+48	+3,515	+293	+68

Children from households whose income is at or below the levels shown are eligible for free and reduced-price meals or free milk.

Application forms are being sent to all homes with a letter to parents or guardians. To apply for free or reduced-priced meals, households should fill out the form and return it to the school. Additional copies of the application form are available at the principal's office in each school. Households should answer all questions on the form. An application which does not contain all of the following information cannot be processed by the school: (1) the total household income, AND the amount and source of income received by each household member (such as wages, child support, etc.) OR the household's food stamp case or AFDC number if the household is on food stamps or receives AFDC; (2) names of all household members; (3) social security numbers of all household members 21 years of age or older, or the word "none" for any adult household member who does not have a social security number; and (4) the signature of an adult household member.

**FOOD STAMP/AFDC HOUSEHOLDS:** If you currently receive Food Stamps or "Aid to Families with Dependent Children" (AFDC) for your child, you only have to list your child's name and Food Stamp or AFDC case number, print your name and sign the application.

The information provided by the household is confidential and will be used only for the purpose of determining eligibility and verifying data. Applications may be verified by the school or other officials at any time during the school year.

If children are approved for free or reduced-price meal or free milk benefits, the household must report to the school increases in household income over \$50 per month (\$600 per year) and decreases in household size.

Households may apply for benefits at any time during the school year. If a household is not currently eligible but has a decrease in household income, an increase in household size or if a household member becomes unemployed, the household should fill out an application at that time.

In most cases foster children are eligible for these benefits regardless of the household's income. If a household has foster children living with them and they wish to apply for free or reduced-price meals or milk for them, the household should contact the school for more information.

Under the provisions of the policy Ruggero Dozzi will review applications and determine eligibility.

Title of the Determining Official

Parents or guardians dissatisfied with the ruling of the official may wish to discuss the decision with the determining official on an informal basis. The household also has the right to a fair hearing. This can be done by calling or writing the following official: George Johnson, C.O.O.R. Intermediate Each school and the C.O.O.R. Intermediate School

11051 North Cut Road Roscommon, MI 48653

have a copy of the complete policy, which may be reviewed by any interested party.

In the operation of the child feeding programs no child will be discriminated against on the basis of race, color, national origin, age, sex, or handicap. If any member of a household believes they have been discriminated against, they should write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

Kelley Cautions Against Moral Arrogance

Attorney General Frank Kelley, in a recent speech at the 60th Annual Conference of the Prosecuting Attorneys Association of Michigan, warned against an increasing trend of "moral arrogance," which he said is typified by a President, member of the White House staff or anyone else to believe they may act without regard to the law.

Kelley said while most of the concern about the Iran-Contra scandal seems to be focusing on the president's management style, moral arrogance is the real issue.

"When it happens the public suffers because the public can no longer trust us to perform our duties in the public interest," he told the state's prosecutors.

Those who speak for government, Kelley said, such as prosecuting attorneys, have a responsibility to bring to justice those who have committed crimes, but those duties must be performed in the scope of the law.

"All of us want and seek favorable press, but as law enforcement officers, we must keep in mind our primary responsibility," he added.

Kelley urged the press to avoid moral arrogance by avoiding stories that are invasions of privacy.

State Reduces Barriers To Energy Conservation

Michigan has taken initiatives to reduce barriers experienced by public institutions trying to reduce energy consumption and costs by supporting energy efficiency investments, according to testimony presented by Public Service Commission Chair William Long before a subcommittee of the U.S. Senate Committee on Energy and Natural Resources.

Long said Michigan encourages local governments, community colleges and school districts to use special finance arrangements to pursue energy conservation measures. He noted newly-passed legislation, which permits state administrative departments to retain 75 percent of energy costs savings and use these funds for additional energy efficiency improvements, as positive steps.

Long also noted that the state has sponsored demonstration projects to identify how energy improvements may be implemented without upfront costs to the public institutions, and provided grants for cities to hire energy managers.

Small Businesses Oppose Mandatory Health Insurance

A National Federation of Independent Business/Michigan poll showed 89 percent of the respondents are opposed to

Congressional proposals to provide health insurance for all workers.

The mandatory health insurance law would reduce the ability of many small companies to compete and would result in greater benefits being paid to a smaller workforce, Director Juanitta Liess Pierman said.

Michigan business is especially worried about mandatory health insurance because of state proposals, as introduced by Rep. Perry Bullard (D-Ann Arbor) to require such coverage, Pierman said.

The legislation specifically gives divorced spouses of employees, widows and dependents of former employees a lifetime coverage option.

Such mandates would drive up the cost of operating a business and harm many small enterprises, she concluded.

Governor James Blanchard has issued executive orders (E.O.'s 1987-10 and 1987-10A) establishing the office of Low Level Radioactive Waste Management within the Department of Management and Budget.

The establishment of the office comes on the heels of recent action by the Midwest Interstate Low Level Radioactive Waste Compact designating Michigan as the "host"

By Warren M. Hoyt Michigan Press Association

state for a waste disposal facility to accept wastes from the seven states by 1993. This is the date set by federal law which allows three current waste sites in the states of Washington, Nevada and South Carolina to stop accepting wastes from other states.

Blanchard's executive order said the office would provide for maximum coordination of state and local government agencies to permit adequate review of alternatives to ensure timely action by the state in meeting its responsibilities under the Low Level Radioactive Waste Policy Act.

Alternatives include continued membership in the interstate compact and receive wastes from the other six states or develop a "state-only" plan.

Michigan currently generates about one-third of the approximate 200,000 cubic feet of low level waste in the seven-state region each year.

Minnesota and Ohio are the second and third highest generating states at 22 and 19 percent, respectively. Other states in the compact include Iowa, Indiana, Missouri and Wisconsin.

The order provides that the office will be headed by a director to serve as the principal advisor to the executive office for low level radioactive waste policy.

It further permits the director to serve as the state's representative and voting member of the Midwest commission.

Keeping Healthy

**Ticks**

These small, insect-like creatures (actually members of the spider group of arthropods) are found in brush and woods, in abandoned or little used dwellings and the like. They attach themselves to persons and feed on blood. If the tick has previously fed on an infected animal, it may, in turn, infect its human host with Rocky Mountain Spotted Fever, relapsing fever, Lyme disease, tick paralysis or Colorado tick fever—all of which can be very serious.

If a tick becomes attached to the skin surface, remove it intact as soon as possible since prompt removal lessens the chance of infection. To remove, gently grasp the head of the tick with small forceps or tweezers and rotate counterclockwise. Hot objects, ether and chloroform are not recommended. Rinse hands and forceps with alcohol and disinfect the bite site. Most ticks of course, are not carrying infections, but if you become ill, get to a doctor as soon as possible.

TO THE CUSTOMERS OF MICHIGAN CONSOLIDATED GAS COMPANY

Case No. U-8812

NOTICE OF GAS RATE HEARING

On August 14, 1987, Michigan Consolidated Gas Company (Applicant) filed an application with supporting testimony and exhibits in the above-captioned matter requesting authority to increase its annual revenues from the sale and transportation of gas to customers in Michigan by approximately \$35.5 million.

Applicant is a Michigan corporation with its principal offices at 500 Griswold Street, Detroit, Michigan. Applicant's intrastate utility operation, the distribution of natural gas, including gas transportation services, to approximately one million customers in its Detroit, northern, and western districts, all within the State of Michigan, is subject to the jurisdiction of this Commission.

Applicant states that its current rates, previously approved by the Commission in Case No. U-7895, reflect and will continue to reflect certain rate reductions effective pursuant to the Commission's order of May 27, 1987 in Case Nos. U-8565, U-8684, U-8793, and U-8794. Applicant further states that its currently effective gas rates adjusted for the permanent \$21.5 million rate reduction scheduled to take effect in September 1988, will not produce revenues sufficient to cover the cost of service for its proposed test year and produce a fair return on its property dedicated to public use. Consequently, these rates will not be just, reasonable and non-confiscatory as required by the Constitution of the United States and the Constitution of the State of Michigan.

Applicant states that it will experience a modest decline in volumes and increases in its costs of providing natural gas service. These increased costs include property taxes, operation and maintenance expense, environmental rehabilitation costs, depreciation and depletion and higher capital costs.

Applicant's request for rate relief is based on a projected test year ending June 30, 1989, as provided in the Commission's Order of May 27, 1987. Applied to projected test year sales and gas transportation volumes, Applicant states that the rates reflecting the permanent 1986 Tax Reform Act rate reduction of \$21.5 million produce annual revenues which fall short of its projected test year cost of service and will not recover increased costs and provide the 13.5% return on common equity specified in the Commission's Order of May 27, 1987.

To compensate for the projected revenue shortfall, Applicant states that the proposed rates in Table A, below, would increase its annual revenues by approximately \$35.5 million over the annual revenue produced by the rates currently scheduled to be in effect September 1988.

Inasmuch as future gas transportation rates under Applicant's proposed transportation program now under consideration by the Commission in Case No. U-8635 are tied to the proposed sales distribution charges, Applicant also seeks approval of corresponding changes in transportation rates in conjunction with its proposed sales rate changes.

Applicant's proposed rate schedules include an expanded Rate 3A which would be available to residential customers who have their bills paid by the Michigan Department of Social Services. Applicant proposes to adopt standby service provisions, for all sales rate schedules, consistent with the standby provisions proposed for its gas transportation program in Case No. U-8635. Applicant also proposes to add a provision to Rate Schedule 2, 2A, 3 and 3A to impose a \$25.00 charge for service turn-on requests that are requested within 12 months of a service shut-off request by the same customer at the same address.

Table B, below, shows a comparison of rates currently scheduled to take effect in September 1988, with the proposed rates, in terms of average revenue per Mcf, including cost of gas of \$4.05 per Mcf or \$3.9784 per dekatherm based on the Applicant's December 1986, Gas Cost Recovery Factor. It also shows the allocation of the rate increase to each of Applicant's Rate Schedules.

Applicant seeks approval of a program to provide high efficiency gas furnaces and upgrading of multi-family housing units to low income customers through funds generated by the profits of MichCon Trading Company, and also approval of modifications to its 90/10 refund mechanism to put it on a calendar year basis.

Applicant has filed written testimony and exhibits in support of the gas rate increase requested. This material will be promptly furnished to all persons who have been granted, or will seek intervention pursuant to Rule 11 of the Commission's Rules of Practice and Procedure.

Copies of Applicant's proposed Rate Schedules are available upon request to Mr. W. K. McCrackin, Vice Chairman and Chief Financial Officer, Michigan Consolidated Gas Company, 500 Griswold Street, Detroit, Michigan 48226.

Jurisdiction in this matter is pursuant to 1909 PA 300, as amended, MCLA 462.2 et seq.; Section 4 of 1919 PA 419, as amended, MCLA 460.54; Sections 4, 6, 6a and 6b of 1939 PA 3, as amended, MCLA 460.4, 460.6, 460.6a and

460.6b; Section 3 of 1923 PA 238, as amended, MCLA 486.253; Chapter 4 of 1969 PA 306, as amended, MCLA 24.271 et seq.; and the Rules of Practice and Procedure Before the Commission, 1979 Administrative Code, R 460.11 et seq.

**NOTICE IS HEREBY GIVEN that:**

A. A hearing in this case will be held at 9:30 a.m. on September 14, 1987 in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan, which hearing will be in the nature of a prehearing conference and will be held for the purpose of exploring and, if possible, agreeing upon matters which will expedite this proceeding, including, but not limited to, the following:

1. Determining the parties to the proceeding, the nature of their appearances and the positions they are taking in the proceeding, as well as the facts they intend to controvert or give evidence of, all in accordance with the provisions of Rule 11 of the Rules of Practice and Procedure Before the Commission.
2. Establishing a time schedule for the filing of pleadings and motions, as well as for the filing of the testimony and exhibits of the Staff and/or intervenors.
3. Simplifying and defining the issues in this proceeding.
4. Obtaining admissions as to, and stipulations of, facts not remaining in dispute, the authenticity of documents and matters of public record.
5. Determining the number and identity of witnesses.
6. Specifying the schedule for the exchange of proposed exhibits and written testimony and the reduction of oral testimony to written form.
7. Establishing procedures for the hearings.
8. Specifying a further schedule of dates of hearings.
9. Considering any other matters that may aid in the orderly conduct of the hearings and the disposition of the proceedings.
10. Establishing procedures and a schedule for the conduct and completion of discovery. All persons are encouraged to commence informal discovery as soon as possible.

B. A public hearing for the special purpose of taking statements and testimony of any interested persons desiring to be heard on this matter will be held as follows:

**Detroit—September 16, 1987 at 8:00 p.m. in the Auditorium, City-County Building, 2 Woodward Avenue.**

C. The Commission has commenced an investigation into the existing gas rates, charges, revenue deficiencies or excesses, services, practices, procedures and operations of Michigan Consolidated Gas Company and the investigation will not necessarily be confined to matters contained in the application but will include all matters pertaining to the reasonableness and justness of its gas rates, charges, operations and practices as may be necessary to enable the Commission to determine whether the existing or proposed rates and charges are adequate, excessive or unreasonable and should therefore be increased, reduced or altered.

D. Any person seeking to intervene, in accordance with Rule 11 of the Rules of Practice and Procedure Before the Commission, shall file with the Commission on or before September 14, 1987, an original and 12 copies of a petition to intervene, together with proof of service upon Applicant.

Subparagraph (2) of said Rule 11 provides as follows:

"(2) A petition to intervene shall set out clearly and concisely the facts supporting the petitioner's alleged right of interest, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so as fully and completely to advise the parties and the Commission of the specific issues of fact or law to be raised or controverted." (Emphasis added.)

The Commission will require strict compliance with the above-quoted rule.

E. THE INCREASES DESCRIBED IN THIS NOTICE HAVE BEEN REQUESTED BY MICHIGAN CONSOLIDATED GAS COMPANY. THE MICHIGAN PUBLIC SERVICE COMMISSION MAY EITHER GRANT OR DENY THE REQUESTED INCREASE, IN WHOLE OR IN PART, AND MAY GRANT A LESSER OR GREATER INCREASE THAN THAT REQUESTED, AND MAY AUTHORIZE A LESSER OR GREATER RATE FOR ANY CLASS OR CLASSES OF SERVICE.

F. Michigan Consolidated Gas Company shall, on or before September 14, 1987, promptly serve upon each intervening party a copy of the written direct testimony of its proposed witnesses and its proposed exhibits as filed with the Commission.

G. Michigan Consolidated Gas Company shall, at least 10 days prior to the prehearing of September 14, 1987, have available for inspection at each of its District Offices in its gas service area a copy of its application, testimony, exhibits and its proposed rate schedules.

## Commission on Aging

Every week in this space we will feature questions and answers concerning the proposed new Senior Citizens Community Building. You are invited to send in any questions you have to COA, P.O. Box 427, Grayling, MI. 498738. All questions will be answered in this space.

Q-How will the Senior Citizens Community Building be constructed?

A- The County Building Authority will act as the agent to construct, issue bonds and guarantee collateral (the 1/4 mill) on the building. When the building is completed and paid for, the Building Authority will deed the Senior Citizens Community Building to Crawford County.

Q-What happens after Crawford County receives the deed?

A- The County will act as an agent to insure that the building is used as stated in the millage proposal (i.e., as a Senior Citizens Community Center), and the county will develop a lease with Commission on Aging to provide services and activities as directed by the millage.

Q-What are the responsibilities of the Commission on Aging?

A- Commission on Aging will provide services and activities, and will maintain the building within the stated limitations of the millage

proposal as a Senior Citizen Community Building.

## Co-Op Nursery School Offers Readiness Program

Kindergarten readiness is important to consider when deciding rather or not to send your 3 or 4 year old to nursery school, says nursery school board president, Margaret Knapp. Our returning teacher, Mrs. Judy Lochner, is highly qualified and has CPR and first aide training along with her impressive teaching credentials and experience, says Knapp.

Mrs. Lochner likes what nursery school entails and what impresses her the most is the fact that each class session has a parent helping. This means a lot to other parents and to the preschooler having their parent sharing a part of their new nursery school world and their nursery school friends. In later years parents don't have as much of the hands-on experience in their child's classroom.

Mrs. Lochner has an excellent Kindergarten readiness program that stresses early math and early reading, and works with each child at their development stage, says Knapp. With all classes no larger than 15 or 17 preschoolers each, one

teacher and two parents per class gives the children special attention in many areas of learning, through art, singing, dramatic play.

Vice President Bev McNamara is in charge of the Grayling Nursery School Co-Op having a new facelift this year with painting projects inside and out. A new womanized deck on front of the school has just been completed by Co-op parent Ken Potter.

New pre-school playground equipment is our fundraising goal this year reports fundraising treasurer, Jill Davis. Come spring they hope to purchase

some pre-school size playground equipment similar to that in the city park.

With the generous support of the Grayling Youth Booster Club buying an 8 x 8 storage shed for the school, this will enable the school to use more large and small motor skills equipment.

For a fun and stimulating first time learning experience for your child call Eileen Papendick (348-8851) for both 3 and 4 year olds class openings.

Mrs. Sally Kumpula spent several days last week with her niece and husband, Mr. and Mrs. James Wolsencroft in Dearborn Heights. Marge and Don Smith took her to Pinconning where she was met by her niece to take her home. While there Sally attended the funeral of her sister, Verna Sederholm in Howell. Mrs. Sederholm had passed away in Katy, Texas, on August 26 of cancer. Sally is the only remaining one of her family now as one brother, age 78, passed away in February, and another brother, Carl Lunauki, 76, passed away in Farmington of a heart attack and was buried on June 30 with interment in Oakland Hills Memorial Garden. He is survived by his wife Betty and two daughters, Kathy and Elaine.

Also attending the Jansen family reunion in Saugatuck in July were the Curt Jansen family and the Dave Jansen family.

Mrs. Harold Hill of St. Petersburg, Florida, spent a week ago Friday in Grayling with her family to hold graveside services for her husband, Harold Hill, who passed away in Florida last October. Accompanying her were her son, William

McKay, wife, Carol, grandson, Gardner McKay of Bay City, Harold's daughter, Betty Carlton, son Phillip Carlton and wife, Robin, and daughters, Tonia and Jamie of Wyandotte, Mr. and Mrs. Kyle Ramey of Detroit, Mrs. Hill's sister, Mrs. Ila Hanson of Saginaw, and Mrs. Marge Olver of Grayling. The Hills were former residents of Grayling and she was the former Clarice Welch McKay.

Mike Gardner spent six weeks vacationing in the West. Most of it was spent biking. On the way out he stopped in Colorado where he took a 5-day, 300-mile bike trip through the Rocky Mountains going through both Vail and Independence Pass. While he was in California he biked about 50 miles a day and upon returning again to Colorado he did some mountain climbing at Mt. Quandary, a 14,200 foot peak. He visited a former classmate, Dr. Linda Knibbs in Springfield, Illinois. Weekend before last Mike drove to Wisconsin for another bike trip at Devil's Lake and also visited friends in the Upper Peninsula on his return to Grayling.

Mike has accepted a position with the Gaylord

Community Schools system for the next year.

We were pleased to meet some newcomers to Grayling, Bob Hughes and thank him for his kind words about the column. We are happy to know that he likes the country around here, snow or shine. If there are other newcomers who enjoy this column please send me your news or call 348-7017.

As the summer winds down, we do have to say that we haven't spent much time strolling this summer, we dislike the extremely hot weather that we had. In spite of the heat many, many Grayling business places and homes have done an excellent job with their yards and flowers. There is a stretch of the business loop starting with Moore's Automotive who have done a super job of landscaping and continuing on south to Best and A & W that look very nice this year. Also a big thanks to Bruce Gillis who has had the sidewalk on the end of Peninsular Avenue cleaned off for the first time in many years. We did not know a sidewalk existed there. Your employee did a good job, thanks!

A big "bouquet" to all of you who care about the appearance of your homes and places of business and my 'onion' to those with trash.

The 12th Annual Perry Reunion was held August 1st at Hanson Hills. There was 69 people in attendance. Oldest present was Mrs. Mary Perry of Grayling. Youngest present was Genevieve Bogaert of Ferndale, Mi. Longest distance traveled was by Marlene Moore of Phoenix, Arizona. There was a tie for most family in attendance of 16 each. They were Mr. and Mrs. Fred Ward of Highland, Mi. and Mr. and Mrs. William Smail of Milford, Mi. The annual basketball game between the seniors and the juniors score was seniors 30 and juniors 28. Other activities included a potluck luncheon, penny hunt, sack race, coloring contest, and the annual

## Cosmetology Offers Career Opportunities In All States

If you are looking for a career where job opportunities exist in every state and where you can own your own business in your career field, then perhaps Kirtland Community College's program in Cosmetology is for you.

The mission of the curriculum in Cosmetology at Kirtland is to provide specialized training for immediate employment in beauty salons after graduation from the program. Related principles and salon management are co-related with the laboratory courses. This one year certificate program provides the 1,500 hours of training in Cosmetology that are required prior to taking the State Board Examination.

Graduates have gone into a wide variety of positions requiring a high degree of technical competence. Salon or school management, teaching, and cosmetology buyer are several areas that may be entered into. Beauticians may also specialize in specific areas such as color tinting, skin care, sculptured nails, and make-up artist.

In addition to the Cosmetology Certificate Program, Kirtland also offers a Cosmetology Instructor Certificate Program. This program is geared specifically for licensed cosmetologists, and provides the training and skills necessary to teach in private and public cosmetology programs. Students will receive 500 hours of training, as required by the State Board of Cosmetology, and will be ready to take the State Board Examination for the Instructor of Cosmetology License.

Cosmetology was originally all male, with its origins in the barbering profession. And, only in the United States, is it a career currently more dominated by females. Kirtland has both male and female students enrolled and has graduated several men from the program in the past.

For further information on Kirtland's one year Cosmetology Certificate program, contact the Admissions Office at the College, or Catherine Knepp, Kirtland's Cosmetology Instructor, at 517-275-5121, or 1-800-433-2517.

### BUDDY'S WORKSHOP

#### Fix Winter Plumbing Problems Now

The main sewer line in our house (cast iron) goes out of the house through the concrete floor in the garage. Since the garage isn't heated, every winter the thing freezes up right where it goes through the concrete. Is there anything I can do now to alleviate this problem?

You can do a few things that may help. First, make sure the weatherstripping on your garage door is in good shape. You need to stop as much cold air as possible from entering your garage. You can also clean out the line. Water that runs sluggishly through the pipe stands a better chance of freezing. I imagine the line goes vertically through the concrete then turns 90 degrees and goes to your septic tank or sewer line. This turn must let water flow freely. You could also insulate the pipe down to floor level and even use heat tapes to keep it from freezing. If none of this works, you may have to heat your garage when temperatures drop. Use a kerosene heater or some other economical heat source.

This may sound like a silly question, but how far apart do you put stepping stones?

It's not a silly question, because I've seen stones that you had to run on to stay in step. Measuring from the center of each stone, lay them down 18 to 20 inches apart.

What can I do with a fireplace that is not used? It just looks like a big hole in the wall.

Build a trellis that stands in front of the fireplace and set two or three climbing plants in front of it. In a few months your "hole in the wall" will be quite unobtrusive.

## KCC Offers Automotive Repair Training Program

With the rapid changes that are taking place in the automotive industry, today's automotive student can expect to have a very challenging career. With advances in computer controls, front wheel drive and smaller cars, upgrading or retraining is often required in many areas.

Kirtland Community College's program in Automotive Technology provides students with "hands-on" experience, and industry donations keep Kirtland supplied with the latest state of the art equipment.

In-depth training is provided in Kirtland's program in eight major repair categories: engine repair; front end alignment; steering and suspension systems; automatic transmission service

and repair; air conditioning service and repair; manual transmission and rear axle service and repair; brake service and repair; electrical systems service and repair; and tune-ups.

Kirtland is also part of a designated Ford Motor Company "Project Outreach Program." The facility is used by Ford Training Division to train northern Michigan Ford/Lincoln Mercury Technicians. Kirtland instructors work closely with the guest instructors, enabling them to stay up-to-date with the advances in the auto industry.

Both the one year Certificate program, and the two year Associate Degree Program can provide the graduate with the skills necessary for immediate employment after graduation. The Certificate prepares the student for State Certification in at least six major repair areas, and is transferable at any time to the Associate degree program. The students may also elect to take two extra classes, which prepares them for master certification in all 8 areas. The Associate Degree provides the student the flexibility to transfer to a four year Bachelor degree program at

a state university, taking with them all of their program credits and entering as a junior (known as a 2 + 2 program).

Kirtland also provides upgrade training to local Automotive Technicians. Specialty courses in such areas as automatic transmissions, offered in the evening hours for the convenience of working automotive personnel, allow for constant and thorough upgrading in areas of rapidly changing techniques.

When considering a career choice or a change, it is possible that Kirtland's program in Automotive Technology could be what you're looking for. If you would like further information, contact the Kirtland Admissions Office or Mr. Robert Shingledecker, Coordinator of Automotive Technology at the college, at 517-275-5121, or 1-800-433-2517.

# The Bible Speaks

From Calvary Baptist Church

## The Gospel of John Lesson #1

Is Jesus Christ God or a deceiver? Is Jesus Christ truth personified, or a liar? Is Jesus Christ the living God who is the source of all life, or a dead myth? Is Jesus Christ eternal God, or a created being? Is Jesus Christ the only way of salvation or a religious charlatan? The claims of our Lord Jesus Christ and his disciples leave us with no other alternatives. Jesus Christ is either eternal, creator God, or the worst liar and deceiver who ever lived. The Bible contains the evidence from which you must make this most important decision. John's gospel reveals the strongest evidence.

The purpose of John's gospel is clearly stated in John 20:30, 31: "And many other signs truly did Jesus in the presence of his disciples, which are not written in this book: But these are written, that ye might believe that Jesus is the Christ, the Son of God: and that believing ye might have life through his name." If you do not know Jesus Christ as God and savior, may we challenge you to read and re-read the gospel of John until you know Jesus Christ as savior and know you have eternal life through Him.

John 1:1-3 is a commentary on Genesis 1:1 which reads: "In the beginning God created the heaven and the earth." John identifies "the Word" as God. "In the beginning was the Word, and the Word was with God, and the Word was God." (John 1:1). This Word is clearly identified as our Lord Jesus Christ in verse 14: "And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father), full of grace and truth." (See also I John 5:7 KJV, and Rev. 19:11-16).

John 1:2 identifies Jesus Christ as eternal: "The same was in the beginning with God." The blessed trinity or godhead is made up of the Father, Son, and Holy Spirit as three eternal persons. "For there are three that bear record in heaven, the Father, the Word, and the Holy Ghost: and these three are one." (I John 5:7). Anyone who denies this doctrine is a liar, and an antichrist. "For many deceivers are entered into the world, who confess not that Jesus Christ is come in the flesh. This is a deceiver and an antichrist." (2 Jn. 7).

This is the mystery of godliness that "God was manifested in the flesh." (I Tim 3:16). He came to die on the cross for our sins. "Who was delivered for our offences, and was raised again for our justification." (Rom 4:25). His identity was proven by His resurrection. "And declared to be the Son of God with power, according to the spirit of holiness, by the resurrection from the dead." (Rom 1:4).

# CHURCH DIRECTORY

Labor Day... the traditional day honoring the labor force of the nation. It's a legal holiday... when working people across the country take a one-day break on the first Monday in September.

Work has long been viewed as the cure for most of the troubles of the world. Honest and productive work, which one intends to get done, is a real blessing for humans. It keeps us moving forward and making our days on this earth worthwhile.

As the parable of the talents shows, God expects us to do something with our abilities. Draw fresh inspiration for your life and work in your house of worship this week.

by GOULD CROOK

### Teriyaki Fish Steaks

1/4 cup apple juice  
1/4 cup sliced scallions  
2 tbsp. soy sauce  
1 tbsp. honey  
1 tbsp. cider vinegar  
1 tbsp. sherry  
1 clove garlic, minced  
1/2 tsp. ground ginger  
1/4 tsp. Sweet 'N Low granulated sugar substitute  
1-1 1/4 pounds firm-fleshed fish steaks, such as sword fish, halibut or cod  
1 tsp. cornstarch dissolved in 1 tbsp. water

In small bowl, whisk together all ingredients, except fish and cornstarch mixture. Place fish steaks in a shallow dish; pour sauce over fish and turn once to coat. Let stand 20 minutes at room temperature. Preheat oven to broil. Place fish on broiler rack set in broiler pan. In small saucepan, heat sauce to a boil; add cornstarch mixture and cook, stirring constantly, until thickened, 1 to 2 minutes. Brush with sauce. Broil 3 to 4 inches from heat source 8 to 12 min. brushing frequently with sauce. Turn fish once; cook until opaque in center. Serve with pan juices. Makes 4 servings.

#### Try English Ivy Where Nothing Else Does Well

English ivy is one of your best choices for a plant that will grow where just about nothing else will.

English ivy is one of the most versatile ground covers available, and it is the most popular evergreen ivy planted in the home landscape.

The plant is useful in shaded areas where grass can't grow.

The popular ivy makes an ideal setting for daffodils and other bulbs that flower in the spring and summer.

With its long trailing stems, it will usually spread rapidly, even in northern and western exposures or in dense shade, alkaline soils and high moisture.

A drawback is that English ivy isn't very compatible with shrubs. It will climb to a height of 50 feet or more by means of aerial roots, and it can damage shrubs if it climbs into them.

English ivy can best be established as a ground cover by planting runners about one-half inch beneath the soil. Space three small rooted cuttings per square yard throughout the bed. Keep the area moist to promote rooting.

If you have a ground cover of English ivy and it has bare spots in it, you can thicken the planting by inserting cuttings from actively growing tips.

Tuned engines... less air pollution.

Give a hoot.  
Don't pollute.

## Lunds Change Motel Name to 'Pointe North' of Grayling

By Don Geiss

The dream of 14 years came true last week as Jack and Kae Lund changed the name of the Triangle Motel to Pointe North of Grayling.

Kae said that the name Triangle was given to the motel by "Casey" and Marie Cason, the original owners. Marie said that they gave it that name because it rests on a piece of property that is triangular in shape.

The motel was built in 1947 and it was the first structure to have been built strictly as a motel. Many of the other motels started as cabins and were altered or combined by a uniform front.

The Casons built the motel by themselves and there were seven units at that time. Mrs. Cason said that all of them were rented the first night.

An additional five units were added in 1950 as well as a bathroom and shower for a campground that was located behind the motel. The park had as many as 15 trailers in it at one time, she said. When the city got into the campground business they went out of it, she noted and they turned the bath into another sleeping unit.

The motel was sold to Joe Hull in 1954 and then in 1960 John Baker purchased it. In 1970 the Lunds came on the scene as the owners.

Over the years with various owners, new rooms were added and a garage and home that was attached to the front of the motel were also converted to rooms and office. The Lunds also did their share of adding rooms but, as Kae demonstrated on a tour of the facility, they did much, much more.

During the Baker ownership, it is claimed the first color television sets were installed in the motel. He placed a color set in the doorway or window so that passersby could see it and come in to rent the rooms. As the story goes, the idea did

not work because they did not fill up the first night. It seems that all of the rest of the motels did fill that night.

The Bakers were also instrumental in carpeting the floors where earlier owners had been satisfied with tile.

The entire motel was lined with knotty pine in the earlier days.

The halls are lined with antique items such as newspaper ads, license plates and menus. On another wing, plastic shopping bags from many states form another recent wall hanging.

Jack is a builder and so each room shows the results of his expertise. There is little similarity between rooms since each has a separate decor. Many have a wainscoting on the wall below with wallpaper above. In one room that is an antique accommodation, a brass double bed provides the comfort for the night.

At the rear, one unit is so large that it has two double beds, one three quarter bed, sufficient space for a desk, dresser and still large areas to move around. The spread on each of the beds in separate bedrooms is a splash of color blended with the room decor.

The rooms each feature hot water heat, air conditioning, individual thermostats, queen size and king size beds. Water beds are available in some rooms and there are non-smoking rooms. Television offers major networks, ESPN (sports) and Home Box Office (HBO) as well as local stations from Atlanta, Chicago and Detroit.

The Lunds have, as was noted, wanted to change the name of the motel for many years. Kae said the name Triangle did not say anything to her other than perhaps going from one point to another. She said that this is the last motel on the west side of the I-75 Business Loop heading north and there is not another one on that side through Gaylord.

One major advantage of the location of Pointe North is

that snowmobilers can reach the trails right from the parking lot. Kae pointed out the spacious lot where staging for large snowmobile safaris can be provided.

Much of their clientele is repeat business, Kae said, and many of the regulars have been military personnel in the past. She told of one instance where a regular customer commented about the wonderful smell of food cooking in the kitchen. She said we asked him to stay for dinner and he was probably the most surprised person around at that invitation. Later he sent a gift and card of appreciation. One elderly lady always hires the same river guide to make a scenic tour. Kae pointed out that obtaining guides is one of the services the motel offers.

If one of the regulars has a birthday, Kae places a small cake in the room along with a favorite beverage. She also places candy in the rooms at Halloween and Valentine's Day. She said, "We have many motel friends and they are the ones who send us the shopping bags wherever they travel."

Kae said that the Nixons, Kennedys, Fords, Eisenhower, Trumans and many others have stayed at the motel. Of course Kae admitted that those are only the last names of some of the customers. There have been about 15 families or individuals with last names the same as presidents.

The motel employs three persons full time in addition to Jack and Kae. The plans for the future include improving the landscaping and completing some outside work on their attached home.

It is evident from the very atmosphere of Pointe North that repeat business is frequent because the folks there exude comfort and friendliness. From the coffee and rolls in the office to the little touches in the individual rooms, the feeling is that the welcome mat is out.

### Genuine Welcome Will Be Remembered For Many Years

Mr. Jack Alef  
P.O. Box 489  
Grayling, MI 49738

Dear Jack:

On behalf of all the officers and soldiers of the 26th (Yankee) Infantry Division I want to extend my thanks and appreciation to the Grayling Chamber of Commerce and in particular to your very dedicated sub committee for the wonderful hospitality that was extended to the officers and non commissioned officers of the 43rd Brigade, 26th (Yankee) Inf. Div. while attending

Active Duty Training at Camp Grayling.

The sincere genuine warm feeling extended by you and your committee along with Camp Grayling's commander, COL. Schmidt, was something I have never experienced during my many years in the military. I can assure you the soldiers of the 26th (Yankee) Infantry Division who attended training at Camp Grayling will have fond memories of the residents of Grayling for many years to come.

I want you all to know how important this gesture of kindness is appreciated and congratulate you and your community for extending yourself to the men and women of the National Guard.

We look forward to returning to your community in the future.

Sincerely,  
Joseph J. Saladino
